The Burley Society Will File Suits to Retain Pooled Tobacco

The District Committee of the Burley To-
bacco Society was in secret session at Win-
chester yesterday.

Several lawyers were with the delegates,
and it is said that steps will be taken in every
county against those who have pooled their
crops and attempted to otherwise dispose of
them.

Reports show that a very small crop, less
than 10%, will be grown in most of the coun-
ties this year, and in many counties none at
all.

This woman says that after months of suffering Lydia E. Pinkham's Vegetable Compound made her as well as ever.

Maude E. Forgie, of Leesburg, Va., writes to Mrs. Pinkham:

"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. For months I suffered from feminine ills so that I thought I could not live. I wrote you, and after taking Lydia E. Pinkham's Vegetable Compound, and using the treatment you prescribed I felt like a new woman. I am now strong, and well as ever, and thank you for the good you have done me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

oppose the election of a Republican nominee for Senator? It is a matter of history that Governor BRADLEY threw the entire influence of his personality and office against Dr. HUNTER when he was the party nominee for the Senatorship, with an absolute Republican majority on joint ballot, and he wrecked the party in the State by the bolt he organized and managed.

If it was a crime last winter to question the propriety of Mr. BRADLEY's election by an unholy combination of Republicans and whisky Democrats, based upon the repudiation of the party platform, what word shall we use to describe the open and notorious bolt of Dr. HUNTER's nomination twelve years ago by six Republicans who held their meetings in Governor BRADLEY's office and took their orders direct from him, when the Republicans had enough votes to elect a United States Senator without asking anything from the Democrats? —Lexington Leader.

J. M. Lloyd, farmer, Rural Free Delivery, No. 5, Maysville, Ky., says:

"I am only too pleased to tell of my experience with Doan's Kidney Pills and hope that it may be the means of benefiting other sufferers of kidney troubles. About five years ago my kidneys suddenly became disordered and for several months I was bothered by constant dull pains across my back and through the loins. When I stooped or lifted, sharp twinges shot through my body and caused me the most intense suffering. Learning of Doan's Kidney Pills, I purchased a box at J. J. Wood & Son's Drugstore and began using them. The contents of this box effected a complete cure and since then I have not had a touch of backache or any other trouble arising from inactive kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Time-Defying Paint

In Mastic Mixed Paints you get pure lead, zinc and oil ground to perfection with modern machinery. You get just what you ought to have—a paint that spreads best, covers most and lasts longest.

Many of the paints commonly supplied are fraud mixtures, containing whitening, benzine, soap and cotton seed oil. They look as good as any paint when put on, but the wood is exposed in a few months. Such paints would be an extravagance if you got them free—the labor costs you more than paint. Let us supply Mastic Paints with our guarantee back of them. Everything else in Paints.

SCHOOL BONDS

Farmers and Traders Bank the Purchaser at Yesterday's Sale

The Farmers and Traders Bank was the successful bidder for the \$30,000 4% new school house bonds sold by the Mayor in the Council Chamber yesterday.

The bonds sold at a premium, bringing \$30,037.50, which, considering the stringency in the money market, speaks well for the city's credit.

Council met last night and ratified the action of the Mayor and Chairman of the Ways and Means Committee in selling the bonds.

The present indebtedness of the city amounts to \$105,000 divided as follows—

Water bonds	\$ 27,000
Sewer bonds	12,000
Bridge bonds	6,000
Schoolhouse bonds	60,000

Total \$105,000

When Mayor W. E. Stallcup took hold of municipal affairs the city had an outstanding indebtedness of \$110,000, with nothing to show for it aside from free water furnished by the Water Company in case of fire.

The \$72,000 invested in new school buildings and sewer service is a visible asset apparent to every one. Subtracting \$72,000 from \$110,000 leaves \$38,000, and had not the needed improvements in the way of school buildings and sewers been constructed and arranged for, the \$38,000 would represent the city's debt today, a decrease of \$72,000 since Mayor Stallcup's incumbency in office.

The present site in Second street extension of the city rock crusher is a nuisance that should be abated at once. "For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered untold misery with internal piles. Thanks to you I am free from all that this morning." WARNED

To Tear Down Warehouse and Ellis Hastened to Comply—Polite All Around

At Berlin, Alvin Ellis received two notices from parties styling themselves as night riders, instructing him to tear down his warehouse in which were stored the household goods of Albert Creekbaum, formerly of near Augusta.

The notices were received during the past few days, one coming through the mail and the other being stuck on a tobacco stick and placed in his yard. Mr. Ellis hauled the goods to Falmouth, from which

point they will be shipped to Mr. Creekbaum, who is now located in Morgan county.

After removing the goods Mr. Ellis began to tear down the warehouse as instructed in the notices.

This is the same warehouse used by Paul Kantz, and from which nine hogsheds of tobacco were taken by night riders several weeks ago and rolled down the hill.

They will spend Saturday and Sunday in Washington City, Monday and Tuesday in New York and Wednesday sail on the steamer New Amsterdam. PHYSICIANS DISCUSS

NEW THEORY

Cooper's Views of Human Stomach Noted by Medical Men.

A recent article in the New Orleans Item gives an account of the effect upon the medical profession of that city with regard to L. T. Cooper's theory that the human stomach is responsible for most ill health. The article is as follows:

"The astonishing sale of Cooper's preparation in this city has now reached such immense figures that the medical fraternity have been forced into open discussion of the man's theories and medicines."

"The physicians seem to be divided with regard to the young man's success in New Orleans—some being willing to credit him for what he has accomplished, while others assert that the interest he has aroused is but a passing fad that will die out as quickly as it has sprung up."

"In a statement recently obtained from a well-known physician of this city, the position of those in favor of Cooper is well voiced. The doctor said: 'I am not a believer in proprietary medicines, but I must admit that some of the facts recently brought to my attention concerning this Cooper medicine have gone far toward removing the prejudice I had formed against them when I first heard of Cooper's new ideas and medicines.'"

"Numbers of my patients whom I have treated for chronic liver, kidney and stomach troubles have met me and stated that Cooper's medicine has accomplished wonderful results for them. I notice particularly in cases of stomach trouble that the man has relieved several cases that were of years' standing and proved very obstinate to treatment."

"I do not wish to stand in the way of something that may be for the public good, simply through professional prejudice, and I am inclined to give Cooper and his preparations credit as deserving to some extent the popular demonstration that has been accorded them in this city."

We sell the Cooper medicines. They are proving remarkably successful throughout the entire United States.—T. J. Chenoweth.

HON. E. W. LANE

Colored Candidate For Delegate-at-Large Appeals to His Colored Friends to Support Taft

Mr. E. W. Lane, Maysville's prominent colored citizen and candidate for Delegate-at-Large from Kentucky to the Republican National Convention at Chicago on June 16th, writes as follows to his fellow colored voters in Mason county.

Mr. Lane is a warm supporter of Judge Taft and hopes to see every colored man in Mason county attend the Convention next Saturday and vote for W. D. Cochran for Delegate.

Following is his letter to THE LEDGER—

FRANKFORT, KY., April 20th, 1908.
Mr. A. F. Curran, Maysville, Ky.—My Dear Sir: I note with pleasure in last week's issue of THE LEDGER your editorial on the candidacy of Hon. W. D. Cochran for District Delegate, which meets with my most hearty approval.

I think all of us who are friends of Judge Taft should line up solidly behind Mr. Cochran and give him our most earnest support.

I have every assurance that I shall win my race for Delegate-at-Large from Kentucky. I am in daily receipt of letters from all over the State pledging support. I hope to see my home county and district instruct unanimously for me.

I feel that my support of the candidacy of Judge Taft has very materially strengthened that gentleman with the colored people and that the wisdom of my course will be vindicated at the State Convention.

Thanking you for the courtesies I have received through your columns, I am very truly yours,
E. W. LANE.
